CODEX 2027 · MONTHLY RETURN POINT

MARCH · MAKE ROOM FOR A CLEAR YES

Beispiel / Example: a short monthly orientation that can be returned to without needing a full forecast.

MONTHLY FOCUS · MONATSFOKUS

Clarity before speed. Check the conditions that make one decision genuinely workable.

ONE QUESTION · EINE FRAGE

What becomes simpler when you name the capacity you actually have?

DO · WAS HILFT

• Check time, energy and existing commitments. • Make one request more specific. • Leave room between decision and action.

DON'T · WAS NICHT HILFT

• Turn pressure into a promise. • Read urgency as proof of direction. • Add a commitment before the frame is clear.

This is a sample of form and tone. Codex 2027 offers personal orientation and reflection prompts; it does not predict events or replace professional advice.
